
Headway Business Services discusses Leadership and Team Management with Ateneo Students

Quezon City, PH – 26 Aug, 2008 – Headway Business Services (HBS) visited Ateneo University to talk with local students about various topics related to leadership and team management. The discussions were held by HBS consultants on the morning of Saturday August 23rd, 2008 for students in the Leadership and Strategy 100 course. Topics ranged from “How to create and lead highly effective teams”, “managing and utilizing diversity in teams” and ending with “experiences working in virtual teams”.

“This was a great opportunity to hear more about the practical side of team management” said Professor Charlie Leonor, “It was great to have Headway here sharing their experiences”.

Discussions were held with students for HBS to share their leadership experiences with the youth community and to get to know Ateneo University students. “Being engaged with the local community is important for Headway Business Services. It is imperative that HBS consultants know the future Filipino business men and women that may work with clients. This local knowledge of the future work force allows us to provide more accurate expectations and information”, said HBS Manager Noli Binay. “We look forward to continuing discussions with University students.”
